Welcome to College for Kids 2017

College for Kids 2017 is celebrating 40 years!

Generations of families have attended our educational enrichment program offered at Rainy River Community College. We offer classes for children ages 4-13. The RRCC Foundation is excited to open the campus doors for families and children to explore our local community college!

This year we are introducing a few new classes like Yard Games and Robotics, along with traditional favorites like Track and Field, Archery and Sculpture.

New instructors join seasoned staff to enthusiastically teach the students. This year we will again be emailing your child's class confirmation, so watch your in-box during the first week of July!
