

BIOL 1550

Required – Choose any one of the following

Access to any one of these Biology texts. It will be beneficial to have a book with you in class and lab, so while the OpenStax book is available free online you would need a tablet or laptop to have access to it during class. The other books can be purchased at our campus bookstore or for as little as a few dollars from online vendors.

- OpenStax “Biology” – can read free online
